

Insurance

Your property is not automatically insured. Unless you purchase insurance from Enclosures International, all property is deemed to be released to Enclosures with a declared value of \$100 per item. Declared value is not the same as replacement value and the fair market value of any damaged item must be established by either a valid sales receipt or independent appraisal.

Waiver Of Liability

This is to certify that insurance has been waived by you, the undersigned, and should any damage (i.e. loss or theft or damage to the goods) be incurred during the time in which Enclosures International is transporting or storing goods, or providing services for you under our agreement, you agree to release Enclosures International from liability for damage, loss or any other claim that may arise pertaining to the goods in question exceeding \$100 per item.
